

Harrisonville Rotary Entrepreneurial Membership

Purpose

Due to the demands placed on new business people within our community, some may not be able to afford the membership costs and therefore choose not to join a service club. The entrepreneurial membership will create flexibility for potential members who wish to participate in the mission of Rotary, but have limited funds as a new business owner.

Structure

The entrepreneurial membership status would allow a business person within two years of beginning his/her company the opportunity to join Rotary at a reduced cost. Entrepreneurial memberships are a maximum of two years in length. After that, the member would move to regular membership. Entrepreneurial memberships would be approved through the normal club membership process.

Financial Obligations

The initiation fee would be waived. The annual cost of corporate membership would be:\$360/year.

This fee would be payable annually or in quarterly installments. It would cover dues to Rotary International and District 6080 for each member, plus a reduced cost for lunch.

Privileges

All paid entrepreneurial members may vote and hold office and are encouraged to participate in all Rotary functions and activities.

Benefits to the Entrepreneurial Member

Through association with Harrisonville Rotary, the member can become engaged in the community early in his/her career. The member benefits from networking, leadership development, public speaking, educational speakers, project management and participation, exposure to philanthropic efforts and business fellowship.

Benefits to Harrisonville Rotary

Harrisonville Rotary benefits from increased membership with associated hands and revenue. Members also get more opportunities for networking.
